OBJECTIVE

Highly motivated and dedicated iOS developer with 1 year of professional experience seeking a challenging position in a dynamic organization where I can contribute my skills and knowledge in developing innovative and user-friendly iOS applications. I am eager to further enhance my expertise in iOS development while collaborating with a talented team to create exceptional mobile experiences.

SUMMARY

- Highly skilled and collaborative iOS developer with 1 year of professional experience in dynamic IT infrastructure environments. Organized and deadline-driven, consistently delivering high-quality results. Strong expertise in iOS development, with a focus on creating innovative and user-friendly applications.

ROLES & RESPONSIBILITIES

- Reviewed and assessed client requirements, wireframes, and designs to ensure technical feasibility. Collaborated closely with scrum team members to translate client requirements into actionable user stories, contributing to efficient project implementation. Enhanced product quality by conducting thorough code reviews and providing constructive feedback to the development team.
