OBJECTIVE

Looking for a challenging position to utilize my technical expertise in the field of Information Technology and to give the best services to the employers as well as the clients and to constantly upgrade my knowledge and skills and make a difference in whatever I do.

EXPERIENCE SUMMARY

- Having 3.6 year of experience in IT industry in the areas of ORACLE Development and Production support.
- Involved in all phases of the SDLC (Software Development Life Cycle) from analysis, design, development, testing, implementation, and maintenance with timely delivery against aggressive deadlines.
- Strong experience in writing Complex queries using Analytical Functions, Joins and Sub Queries in Oracle SQL.
- Worked with Cursors, Views, Materialized Views and Oracle packages and indexes.
- Created Tables, Views, Constraints, and Index.
- Knowledge in Loaded Data into Oracle Tables using SQL*Loader.
- Extensively worked with Bulk data loading, Performance tuning of huge data.
- Created Stored Procedures, Packages and Triggers.
- Monitored application, database, geneos alerts and control-m jobs.
- Handled Service Requests, Incidents and Change Requests.
- Performed application/database deployment and patching activity also Prepared the technical validation document.
- Involved in resolving production problems for the applications and ensure all support service level agreements are met.
- Fast learner of new and emerging technologies.

TECHNICAL SKILLS

Languages: SQL, PL/SQL, UNIX.

Databases: Oracle RDBMS 9i/10g/11g.

Development Tools: SQL Plus, SQL Developer.

Ticketing Tools: HP Service Manager, Remedy Service Now.

Other Tools: Putty, control M

EDUCATION

B.Sc (computer science) from Christ Arts and Science College affiliated to Madras University in the year 2020-mar

PROFESSIONAL EXPERIENCE

Worked as **Software Engineer** at **Infoziant Innovation Tech Labs**, Chennai from May 2020 to August 2021. Working as **Software Engineer** at **ADF Data Science pvt ltd**, Chennai from August 2021 to 2023.

PROJECT PROFILE

Project#1

Title: RAD

Roles & Responsibilities:

- Monitoring application, database, geneos alerts and control-m jobs.
- Working with service request and providing workaround, root cause and permanent fix for incident tickets. Creating change request for Unix/database deployment and deployed in production environment.
- Coordinating with Development, DBA and UNIX team to finding root cause of issue and get resolved.
- Being a Subject Matter Expert, have played a key role in production deployment and Database/Application Patching Activities. Preparing Deployment instructions, Technical validation document from the artifact which is given by SL3 team.
- Attending problem management and global change management calls pertaining to critical incidents occurred in the respective instances.
- Performing SQL query tuning to avoid the performance issue.
- Performing Year end activity and DR activity for every year for all environments.
- Conducting Knowledge transfer and training sessions within the team.
- Preparing KOPs for new issues and routine activities like Year-end and DR activities.
- Delivering the weekly productivity report to management team.

Environment: Oracle 10g, SQL, PL/SQL, UNIX Shell scripting, SQL Developer, Putty

Project#2

Title: MAPS

Roles & Responsibilities:

- Involved in full development cycle of Planning, Analysis, Design, Development, Testing and Implementation.
- Gather, document and convert functional reporting requirements into technical solutions.
- Develop thorough understanding of data models, underlying data, and business uses to ensure reports meet client needs.
- Knowledge in Procedures, Views, Materialized Views, Functions and Packages.
- Coded the business requirements and technical requirements with PLSQL, SQL.
- Created stored procedures, Function, Packages and Triggers.
- Extensively used Bulk collect, PL/SQL Collections, dynamic SQL.
- Involved in unit and system testing.
- Implementation of the application on Production Server.
- Involved in production support and resolved issues.

PERSONAL INFORMATION

Father's name : Gnanapragasam R

Nationality : Indian

Native : Chennai

I hereby declare that the details given above are true to best of my knowledge and belief.

Place: Chennai.
