Bachelor of Engineering

**Hindusthan College of
Engineering and Technology**

2017-2021

Completed B.E Automobile
engineering from Hindusthan College
of Engineering and Technology,
Coimbatore

EXPERIENCE

Working in **Wipro** for the past 2.1
years from Nov 2021 - Till Date

PROFILE

With 2.1 years of experience, I am enthusiastic about building a career with an organization that values commitment and dedication among its team members. Eager to expose myself to my full potential, I am seeking a role as a key player in a challenging and creative environment. With a specific focus on SQL L1 and enhancement support, I aim to contribute my expertise in troubleshooting and proficient database management. I am committed to working collaboratively with a dedicated team to ensure the smooth operation and support of database systems.

WORK EXPERIENCE

- Logged incidents reported by users or monitoring systems.
- Conduct initial triage to assess the severity and nature of the issue.
- Provided basic assistance to users with SQL-related queries.
- Guided users on executing standard SQL commands and retrieving data.
- Identify common database issues and escalate or resolve them as per established procedures.
- Address simple SQL-related problems and escalate complex issues to higher support levels.
- Monitored database health and respond to alerts generated by monitoring tools.
- Took initial actions to address common issues and escalate if needed.
- Performed basic troubleshooting for SQL-related problems.
- Followed documented procedures for issue resolution.
- Maintained accurate and up-to-date documentation of incidents, solutions, and procedures.
- Documented common issues and resolutions for future reference.
- Communicate effectively with end-users and other support teams.
- Provided timely updates on the status of incidents to relevant stakeholders.
- Offered basic training to end-users on SQL best practices.
- Created and shared simple guides for common SQL tasks.
- Enforced basic security practices and compliance with SQL databases.
- Reported and addressed any security-related incidents promptly.
- Executed routine maintenance tasks, such as backups and updates, as per established schedules.
- Ensured database performance by conducting basic optimization tasks.
- Reviewed and followed established documentation for SQL-related processes and procedures.
- Identify areas for improvement in documentation and contribute to updates.

PROJECT EXPERIENCE

CLIENT: PENFED CREDIT UNION

DURATION: NOV 2021 TO TILL DATE

ROLE: PRODUCTION SUPPORT ENGINEER

PROJECT EXPERIENCE

ROLES & RESPONSIBILITIES

- Collaborate with internal team to raise incidents via Remedy tool.
- Conduct initial checks and 1st Level analysis for comprehensive details.
- Coordinate with vendors for prompt resolution based on Remedy tickets.
- Lead staging of change requests, collaborating with Vendor, and internal teams.
- Gather prerequisites and documentation (e.g., Release Note, BH Approval, UAT Sign-off) for Bug-Fix and Data-Patch.
- Work with CTB team to document and share change requests for approval.
- Attended scheduled Change Control Board (CCB) Meetings for Bug-Fix calls.
- Execute approved change requests, ensuring meticulous documentation in respective tickets.
- Worked in Views and Materialized Views for specific data retrieval for the reports.
- Loaded the data into database tables using SQL loader from text and excel files.
- Extensively involved in using hints to direct the optimizer to choose an optimum query execution plan
- Created and tuned complex Sub queries, Union, Intersect, Aliases.
- Ensure database performance by conducting basic optimization tasks.
- Review and follow established documentation for SQL-related processes and procedures.
- Assisted in the implementation of automated reconciliation tools, improving efficiency and time reducing time required for manual reconciliation.

DECLARATION

I hereby declare that all the details mentioned above are in accordance with the truth and fact as per my knowledge and I hold the responsibility for the correctness of the above-mentioned particulars.
