41/58 washer varadhappa street,
new washermenpet, Chennai -81

OBJECTIVE

I am eager to embark on a 6-month internship journey, seeking an organization that not only values my technical skills but also provides a platform for career growth and financial development. I am committed to making a meaningful contribution while honing my abilities in a dynamic environment.

PROFILE SUMMARY

EXPERIENCE

- **Radiuscards Solutions Private Limited**
- April 2023 - Till Date

EDUCATION

- **B.COM General**
- Queen Mary's College
- 2023

- 6-month internship in .NET development, gaining practical experience in real-world projects.
- Proficiency in both ASP.NET and MVC frameworks, demonstrating versatility in web application development.
- Solid expertise in C# and VB.NET programming languages, allowing for flexibility in development tasks.
- Extensive knowledge of HTML, CSS, and SQL, enabling you to create visually appealing and database-driven web applications.
- Experienced in Agile software development methodologies, ensuring adaptability to changing project requirements.
- Proficient in GIT version control, facilitating collaborative coding and efficient code management.
- Familiarity with Oracle database management, broadening your database expertise beyond SQL.
- Hands-on experience with Jenkins for continuous integration, streamlining development processes.
- A strong commitment to delivering high-quality software solutions, emphasizing both functionality and reliability.
- Dedication to understanding and meeting client requirements and expectations, ensuring customer satisfaction.
- Proven problem-solving abilities, with a track record of effectively resolving complex technical challenges.
- Strong communication, teamwork, and organizational skills, fostering effective collaboration within project teams.
- Demonstrated adaptability to new technologies and development methodologies, staying current in a rapidly evolving field.
- Effective time management skills, enabling you to consistently meet project deadlines and milestones.

PROJECT DEATILS

E-COMMERCE

Radiiiscard Solutions Private Limited

April 2023 -Till Date

ETRO

- Etro is an Italian luxury fashion brand founded by Gerolamo "Gimmo" Etro.
- It is renowned for its distinctive and eclectic designs, particularly in the realm of textiles and patterns.
- Etro is celebrated for its bold use of vibrant colors, intricate paisley prints, and a fusion of various cultural influences in its clothing and accessories.
- Etro's collections often draw inspiration from travel, art, and history, resulting in a unique and globally inspired aesthetic.

ROLES & RESPONSIBLE

- Design, develop, and maintain web applications using ASP.NET and MVC, ensuring functionality and user experience align with project goals.
- Write clean, maintainable code in C# or VB.NET, emphasizing coding standards and best practices.
- Manage Oracle and SQL databases, including schema design, optimizing queries, and ensuring data integrity.
- Create responsive web interfaces with HTML, CSS, and JavaScript to enhance user interaction and design.
- Collaborate closely with cross-functional teams, including designers and other developers, to understand project requirements and deliver solutions effectively.
- Actively participate in Agile development processes, attending sprint planning, daily stand-ups, and retrospectives to ensure project alignment and progress.
- Utilize Git for version control and code management, facilitating collaborative coding and code tracking.
- Implement continuous integration using Jenkins, automating build and deployment processes to streamline development workflows.
- Thoroughly document code changes, enhancing project transparency, and maintain comprehensive testing records to ensure quality.
- Enhance web application security by implementing measures like XSS and SQL injection prevention, prioritizing data protection.
- Seamlessly integrate web applications with RESTful APIs, expanding functionality and connectivity.
