KEY PROJECTS

2CES (Boeing second century model) Role: Scrum Master

Skills Used: SharePoint, JIRA, Confluence, Visio

Description: 2CES(Second century enterprise model) is a Boeing in house structure to take manufacturing and inventory management to next level. This tool comprises of many departments and project. I closely worked with Production engineering Core Manufacturing engineering team in a SAFE environment to upgrade the process in 2CES.

Product Data Automation Role: Junior Scrum Master

Skills Used: SharePoint, JIRA, Confluence, Visio

Description: An aircraft maintenance includes many maintenance manuals; Boeing had an idea to automate the manual way of creating maintenance manuals using Product Data to save 90K hours in a year. Being a Data author, I closely worked with senior scrum master and PO in creating User stories for automating the Supplier Data.
