Experience

Wipro Ltd., Chennai

1/10/2017

Logipro software solutions, Bangalore

1/3/2016 - 9/30/2017 (19 months)

Projects

- Customer Portal

Customer Portal is a one stop solution for senior leadership of our customers and key internal stakeholders to get a complete insight of their operations and BPS Delivery ecosystem. Customer Portal will be an internet facing portal and can be accessed over the internet. Both web application and mobile app (iPad & Android Tablet) are ready for deployment and can be configured once the operational metric details are updated in the central data repository.

- Dynamic and Interactive Website Development

This system is developed for Municipal Corporation of Delhi to digitize all MCD activities for providing transparent and versatile e-governance through their web site and CSB Counters. Through this site public can use MCD services like Birth and Death Registrations, Booking of Parks, Community Centers & Bharat Ghars, Issue of Health Trade License, Factory License, Systems & hoardings around DELHI.
